

## Environmental Policy Statement

The Environmental Policy of GDUK Door Solutions Ltd ("the Company") is to ensure so far as it is reasonably practicable that its operations will be carried out with a commitment to protecting and enhancing the environment.

The same commitment will be expected to be shown by contractors working for the company. This is a fundamental principle of the Company's business.

The Company aims to establish a high priority of its principles in the corporate strategy. Concern and awareness for the environment is the responsibility of the Directors of the Company.

The Company therefore seeks to comply with all relevant environmental legislation and regulation and the prevention of pollution. It also aims through our commitment to continual improvement to establish higher standards of environmental performance where these are practicable and appropriate.

The Company's employees have a legal and moral obligation to carry out their duties with concern for the environment. It is a condition of employment that all staff comply with this Environmental Policy.

In the event of an environmental accident or incident at work, it is a Company requirement that the details are promptly and properly reported to the Directors who will investigate and take prompt action to make good and avoid recurrence.

All contractors working on behalf of the Company are required to adopt environmental standards fully consistent with those of the Company and they are expected to achieve comparable levels of performance as a condition of their contract.

### **Objectives:**

In accordance with its stated policy, the Company has produced the following list of objectives as a sound framework for the introduction of practices to implement the Environmental Policy:

- Compliance with Government Legislation and Local Government Regulations
- Swift response to accidents or incidents that have a potential to threaten the environment
- The provision of advice on the safe handling of company products, their transportation and their final disposal to customers, contractors, etc.
- The disposal of any waste products in ways that show concern for the environment
- To use only registered carriers to dispose of waste, and to recycle wherever possible

- To encourage the development of products, processes and equipment with concern for the future of the environment
- To communicate freely on environmental matters with government officials, employees, customers and members of the public
- To provide training for all employees as appropriate to enable them to carry out their job functions in a manner that shows care for the environment
- To carry out environmental audits when required
- To promote environmental principles by sharing experience with regulatory bodies, other companies, employees and members of the public
- In implementing this formal Environmental Policy Statement, the Company will focus on action to conserve resources and energy, to minimize emission to air, water and land and to increase recycling rates. The Company will also seek to influence legislative developments and improve public understanding of environmental matters concerning the business.

The policy statement will be regularly reviewed and updated as necessary. The management team endorses these policy statements and is fully committed to their implementation.

Signed

**Stuart Lawrie Managing Director**
